#### COMMERCIAL.

HONOLULU, JUNE 17, 1868.

Our merchants and traders are beginning to complain of the dull times which this season of the year is always sure to bring reand, owing to the fact that a large number of plantations are through grinding for the present, which, in some degree, lessens the supplies and expenses in a number of ways, and ore or less affect tinde. In the most favorable of seasons the foreign shipping for the months of June, July and August is limited, and thus the labor, as well as all other brunches of business, is dull.

We look for quite a fleet of whalers this fall. Our port, for the recruiting of the whaling fleet, is, be- the missionaries living on the windward yend a doubt, the best in every respect outside the islands, left for their homes on Monday by port of New Bedford. The advantages of a steam the Kiloues. line between here and San Francisco make it more desirable from the fact that they can get money at mere nominal rates, and provisions at San Francisco prices, with merely the freight added. When a el arrives here, should the master not be satisfied with the ratus for money or provisions, he has only wait thirty days to get both at San Francisco prices. This we were assured of by masters who let form. have been going to San Francisco, and who have stated that they would some here, and have credite opened for them at that place.

> THE steamer Idaho sailed on Monday at 41/4 o'clock, with twenty-seven passengers and a full freight. At the same hour the Kilaues left for windward ports, with a large crowd of passengers. The wharves were crowded with people, and the scene was bright and lively, as the departure of two steamers at the same hour, drew each its crowd of passengers-friends and idlers.

TARGET PRACTICE.—Yesterday the regular target practice took place on board the U.S. S. Mohongo. A target was anchored out on the reef, distanced about eight hundred yards from the vessel, at which twenty-four shots were fired. The guns used were 100-pounder rifled Parrot, 9-inch Dahlgren, and 24 pound or Howitzer. We understand that the shoot ing was very close, and that three shots struck the target.

THE 4TH OF JULY .- A meeting of the Ame rican residents and others interested in the celebration of the coming 92d anniversary of American Independence, July 4th, was held last evening at the Auction Room of C. S. Bartow, Esq. Col. Spaulding, Charge d'Affaires, was called to the Chair, and A. F. Judd, Esq., appointed Secretary.

Mr. A. J. Cartwright read and proposed the following programme for the celebration, which was adopted :

Salute at sunrise of 13 guns. Church services and oration at — o'clock. Salutes at noon from U. S. S. Mohongo. Reception at U. S. Consulate from 12 to 2.

THE MISSING SCHOONERS .- The schooner Isabella has made her appearance, having arrived here on Sunday. She left Koloa for Honolulu on Saturday May 30, and had got along as far as Walanac, when the wind falling she was swent out to sea by the current. and was out of sight of land for a day and a half. Finally the schooner worked up to Hanalei, where after being reprovisioned, she set out aguin for Honolulu. Off Waianae, the Kinau which had been sent out to hunt her up, made the Isabella, and both returned to this port. The Rob Roy which has gone to look for the Yette, has not returned, and there are no tidings of the missing schooner. The Yette left Hanalei on Tuesday the 2d inst. On board are the Captain and owner, White; Mr. Bertleman and family and Mr. Bushman. The Rob Roy will touch at the leeward ports on Kausi, and at Niihau, and if the Yette is not found, will cruise down as far as fifty miles to the leeward of Kaual.

OIL CARE MEAL -The Pacific Linseed Oil Works in San Francisco make into horse and cattle feed the meal which remains after the oll has been expressed, and it forms a most nutritious article of feed for animals. In their circular it is stated that as an article of feed for horses it has no equal for nutritious and fattening properties. By those who have used it thoroughly, one pound is pronounced equal to two pounds of corp meal, and in the U. S. Government Report of the Department of Agriculture for 1865 it stands in the following relation to other feeds as to the per centage of flesh produced from a hundred pounds of feed, viz: Indian Corn Meal, 11 per cent; Barley Meal, 18 per cent; Oat Meal, 18 per cent; Oil Cake Meal, 22 per cent. It is recommend ed to be a most economical feed used in con-nection with cut feed, ground oats, or barley. There is, after expression of the oil, some that remains in the cake, and to this fact it owes its fattening properties. It is much Meal have been sent down by Mr. E. P.

after Triulty Sunday in honor of the Eucharist was observed by the Roman Catholics on Thursday last. High Pontificial Mass was celebrated in the Cathedral by his Lordship Bishop Maigret, assisted by his clergy, and at 3 o'clock, P. M., the usual progress was made around the square formed by Beretania, Emma, School and Fort Streets. The procession, which was large, presented a fine and imposing appearance,-the women and children were dressed in white, each one bearing a flag, while the rich banner of the Sisters of the Sacred Hearts, and other religious banners were displayed along the line. A column of two abreast, marched in the centre of the street, flanked on either side by a line in single file. Preceding the Bishop, who carried the Host puder a canopy, was the movable altar, decorated with ornaments and flowers, and attended by censor boys, light bearers, and acolytes in surplices, and the choir under direction of Father Herrman. At each corner, a short service, was said by the Bishop, and singing by the choir. The procession was about two hours in the streets, it was attended by the Honolulu band. Several new priests arrived by the Idaho, took part in the services of the day.

SUNDAY SCHOOLS .- The Sunday schools attached to the Congregationalist Churches-Hawaiian and Foreign-held a celebration last Saturday, in which over 700 children participated. The schools met at their respective churches at 10 A. M., and marched in procession through the streets, joining each other, until all had come together in front of the Bethel. The whole line proceeded down King street to Kawalahao. Each school carried a banner, inscribed with its name, many of them also with appropriate devices on the reverse. The little army filed into the church, ATRUISCO' will up New MECEIAING HECCITYRE'S. and were seated with their teachers, to listen to, and join in the exercises, which consisted of singing by the different schools, and short ters present.

The Hawaiian schools sang their songs exceedingly well, their voices being both strong and musical. Their progress in vocal music can not but be remarked by those acquainted with Hawaiian singing a few years ago. The improvement is marked and agreeable. At the suggestion of one of the speakers, the foreign children greeted the Hawaiian children with a hearty Aloha, which was replied to with an Aloha that made the house ring. After an hour, during which the children seemed greatly interested in the addresses made to them, the exercises were closed, and the schols marching out in order, each child received a small parcel of confectionery.

This is the second annual celebration of the schools in this vicinity. The threatening and showery weather of the morning prevented so large an attendance this year as vented so large an attendance this year as Henry E. Pierrepent, last, of the ch'ldren; but as they marched S. B. The company assembled in the College Hall about 8 o'clock, and Hon. C. J. Lyons was chosen by acclamation to occupy the chair. Addresser were delivered by several graduates of Punahou, among whom was Hon. H. R. Hitchcock, who was a scholar at the foundation of the Institution. He gave several pleasant reminiscences of the earlier days. Hou. A. F. Judd spoke upon incidents of the past and present, and looked on into the future. Several representatives of the THIRTY DAYS' GRACE Allowed in the Pay colleges of the United States addressed the assembly-graduates of Yale, Harvard, Willlams, Union and others.

About half past 9, the company adjourned to the supper room, where a rich repast was served. Everywhere were seen pleasant faces and mirthful voices, and the graver, but perhaps not less real, enjoyment of the older portion of the assemblage. The Honolulu Brass Band was in attendance, enlivening the evening with strains of music. About m half past 10 the company broke up, to most

again in June, 1869. All agree in the opinion that a most delightful evening was spent, and a new band of concord drawn around the College and its graduates. These entertainments are most interesting, especially to those who meet old faces-both teacher and fellow classmate. Many an item of old college fun is again culled over; old sympathies revived, used in Europe, where its value as a feed is the old become young; life pleasanter, and complete fixings, warranted new and well known.
